

★ STEPS TO FOSTER IN OHIO ★

1 CONTACT

Your family contacts the local Necco office about becoming a foster parent. An orientation, paperwork and bi-weekly scheduled meetings will follow.

DEVELOP

2

The Necco team gets a sense of what types of children your family is most equipped and willing to work with. Parenting meetings and a home study will follow.

3 HOME STUDY

After completing parenting meetings, the home study will be conducted. This portion of the process gives Necco a better idea of your families' background, experience, motives, history and recommendations.

APPROVAL

4

Upon completion of the parenting meetings, home study, and gathering supporting documentation, your family is approved and ready to be a foster home.

5 FOSTER

Congratulations! Your family could receive a phone call within days to accept your first child!
