

★ STEPS TO FOSTER IN WEST VIRGINIA ★

1 CONTACT

Your family contacts the local Necco office about becoming a foster parent. An orientation, paperwork and background checks will follow.

2 TRAINING

We have several training schedules that potential foster parents can go through to best meet their needs and schedule. Parenting meetings and a home study will follow.

3 DEVELOP

The Necco team gets a sense of what types of children the family is most equipped, interested and willing to work with.

4 HOME STUDY

Upon completion of the parenting meetings, home study, and gathering supporting documentation, your family is approved and ready to be a foster home.

5 APPROVAL

Congratulations! Your family could receive a phone call within days to accept your first child!
